DONOR LIST

Thank you for your donations in 2015. Your generosity bridges the transportation gap by providing the gift of flight to those in need of medical treatments or other humanitarian needs. We could not pursue our mission without you.

PILOT LIST

Thank you for providing the fuel of compassion and the generosity of donated flights. You are literally the wind beneath our wings; we could not do it without you.

OREGON | Gage has myocardiopathy, a congenital heart condition. The seven-year-old lives in Baker City, OR but needs specialized care at Lucile Packard Children’s Hospital in Palo Alto, CA. Gage is one of five children in the family, and four of them share this heart condition. His sister Sierra has been flying with AFW since 2009.

NEVADA | After we flew siblings Justice and Solomon from Las Vegas to Los Angeles, their mother Michelle sent us this note: “This was our first Angel Flight and I was overwhelmed with the professionalism and care you provided us from start to finish. Our family is grateful for your generosity in using your resources, gifts and talents to bless our family.” The siblings need to see a pediatric specialist and have to travel to UCLA Medical Center for medical care.

UTAH | “If there is a bright side to cancer, it is that it can really reveal the true kindness and generosity of not only the people close to you, but of strangers. I could not believe my luck and the immense generosity shown by these people I had never met. I only wish there was a way I could repay Angel Flight West and the amazing pilots.” –Melanie
